

About Moolchand

As one of India's foremost names in healthcare, Moolchand has been setting standards for the past half century and has provided healthcare services to over three generations of Delhites with care and dedication.

At Moolchand, we strive to deliver excellence and value to our customers. As a result we have won numerous quality awards (eg. Ramkrishna Bajaj National Quality Award for outstanding achievement). Moolchand is the first hospital in India to have JCI and Comprehensive NABH accreditation and ISO certified nursing school. We have benchmarked the best healthcare practices globally to consistently provide our patients with the highest quality of care.

While a lot has changed, a few things haven't-compassionate care, integrity, affordable prices and trustworthy service to all.

Advantage Moolchand (General Nursing and Midwifery Course)

- ☀ Located in the heart of Delhi
- ☀ On campus housing facility
- ☀ Renowned faculty

Prospectus 2020

Smt. JRT School of Nursing

WHEN YOU FINISH YOUR TRAINING

Work will be available in abundance. It will provide adequate returns, provided it is cajoled, worshipped and done with genuine dedication and love.

CHOICE

You are making an informed choice about your career and life; it is not just a question of removing deficiencies. You are electing to do what you honestly want. Whatever the circumstances, such a choice must enhance your self esteem, capacity to think independently and your readiness to be intensely involved with the ideas, things and people assembled around your activities. You should be able to experience life with a sense of delight, because what you have, or are going to have, is what you have responsibly chosen to have.

To enhance this motive, students after completing three years of course are most welcome to join Moolchand Medcity, Delhi & Agra both and will be given preference.

PRACTICE YOUR TRAINING

You will have achieved your vision, mission, goals, objectives, track record, skills, inventory and assessed your competency rating, strengths and deficiencies but your progress will depend upon your choice, focus, practice and rigorous discipline.

We want an upward spiral of your growth and horizons and a continuous improvement of yourself and your skills.

WE WILL PROVIDE HELP.

FOR CONSTANT PRACTICE, IT IS UPTO YOU.

Parents and students are welcome to come and see the school, Medcity campus and Hostel facilities on any working day between 10:00 am to 5:00 pm.

GENERAL RULES AND REGULATIONS

1. Stay in the hostel is compulsory during the three years training program.
2. Students are responsible for the care of furniture and for cleanliness of their rooms.
3. Students are expected to come for meals at the prescribed time in proper dress.
4. When leaving the room, students should check that all lights, fans and switches are turned off. No radio/tape recorder, heater/electrical appliances are allowed in rooms. If found, fine will be levied.
5. Students are urged to keep all their valuables and jewellery at their homes. In case of any damage, theft or loss, the authorities will not be held responsible.
6. Students are allowed to have visitors from 5 pm to 7 pm only on Saturdays and Sundays. No visitors will be allowed in students' room. Disciplinary action will be taken in case of violation.
7. At the time of leaving and returning to the hostel, the student nurse must sign the In and Out going Register and enter the correct timings of both departure and arrival. No student is allowed to sign for any one else.
8. Overnight and outgoing passes will be given at the discretion of the authorities. Such passes will be issued every week in a month. This facility is liable to be withdrawn as a disciplinary measure, for example poor results, negligence or poor work or going out without permission and coming back late from outings (nightstay/fullday/two hours)
9. Students will neither visit staff nurses room nor are they allowed to have staff nurses in their rooms.
10. Night attendance will be held at 9 pm. All students are expected to be present for attendance. If anyone is found roaming after 9 pm in the hospital or outside, the matter will be reported to the higher authorities and action will be taken.
11. A student may be dismissed if she is not keeping upto the requirements academically or is medically unfit, indisciplined or unsatisfactory. If a student is found violating hostel/hospital rules and regulations she may be dismissed or punished.
12. No other academic training/course is allowed during the training period.
13. In case of serious illness, the hospital reserves the right to send the sick student home. In such cases guardians or parents are required to escort the student nurse.

HISTORY OF INSTITUTE

Shri Moolchand Hospital and Ayurvedic Research Institute was initially started in Lahore, present day Pakistan. Following the partition of the country, the facility was shifted to Delhi in 1957. Shri Moolchand Kharaiti Ram Hospital was established with the Ayurvedic system of Medicine. In 1967, a decision was taken to induct modern medicine into the hospital and various departments were started which have today grown into the modern 350 bedded, well equipped, centrally located, multispeciality hospital providing both Ayurvedic and modern medicine to the community. The vision of Moolchand continues. His achievements endure and his spirit lives on inspiring people to new heights, with a deep-rooted culture and pride in its heritage.

SHRIMATI JRT SCHOOL OF NURSING

Shrimati JRT School of Nursing is India's first ISO certified nursing school. Our heritage is a personalized service, which emanates from the motion of pure poetry from the heart and radiates a spirit of genuine care. Knowledge is power through learning resources, teamed with creativity and originality where quality, consistency, persistence and determination are ways of life. This knowledge is necessary to develop entrepreneurship and leadership qualities. It also trains us to face the challenges of changing winds and time without losing our individuality and maintaining our culture and heritage; we need to remember our identity. Indeed, right ambience is a matter of education.

Our students are products and services of various training programs that are no longer confined to the classrooms. Education is expanding its horizons to sources outside the classrooms. Practical training in various fields, general and specific intensivists to information technology is becoming a necessary tool not only for survival but also for advanced nursing care. The ability to grasp depends on motivation, attributes and the ability of an individual student in the three and a half year course and three and a half year training program without forgetting the values and ethics of our heritage and culture.

Shrimati JRT School of Nursing was opened in 1986. Since then it has made tremendous progress and trained a large number of nurses who are engaged with pride in their service in various parts of the country as well as abroad. The School of Nursing inculcates in the students a glowing pride in who they are and how they want the world to see them in the profession of nursing care.

PHILOSOPHY

The guiding principles of the JRT School of Nursing are:

1. **Patients are the focus of every thing we do:** We assess patient requirements and expectations and set existing standards for our patient care and service that surpasses their expectations.
2. **Dedicated persistence:** Nothing in the world can take the place of it. Talent will not; nothing is more common than unsuccessful men and women with talent. Genius will not; unrewarded genius is almost a proverb. Persistence, Education, Commitment and Determination alone are omnipotent.
3. **Growth of our students is vital:** We provide our students with a conducive work environment, equip them with advanced training techniques that are constantly upgraded and empower them with the necessary authority. No one can remain even for a moment, without action. You have control over action alone, never over its fruits. Live not for the fruits of action, nor attach yourself to inaction.
4. **We believe in the development of the student as an individual:** She can assume responsibility for her own professional growth and responsibility for self directed learning throughout her nursing career. We believe that our greatest strength is our people, practices, processes and a pride in our own identity.

5. **Quality and consistency are of utmost importance:** We attach the highest priority to maintaining strict quality performance levels in our patient care service.
6. **Integrity is never compromised:** The conduct of our institute is pursued in a manner that is socially responsible and commands respect for its contribution to society.
7. **The heart of education is the education of the heart.** That's what human relations are all about. The education of the heart.
8. **Work** is transformed to provide you an optimal experience, allowing you to give full expression to your special attributes and skills.

You can only learn if your mind is open like a parachute. You are welcome to join our Moolchand Family with an open mind. The choice is yours.

In order to excel, you have to practice patiently and work with tender loving care. The first stepping stone is learning to love yourself. You need to rediscover yourself, the real limitless self. Let go off negative emotions like hatred, fear or insecurity.

It is essential to understand that nursing is an unlimited realm of caring with pride. It is a driving force and a constant endeavor to learn and care.

The paths are going to be slippery unless you practice and update your domain skills in a disciplined manner. There is no alternative to becoming a permanent learner, who embraces everyday as a fresh opportunity to learn, discover and grow.

In our profession “we must learn, commit and do... and learn, commit and do again”.

ELIGIBILITY FOR ADMISSION TO EXAMINATION

A candidate shall be eligible for the admission to the state Council/Board examination if the principle of the school certifies that:

1. She has completed not less than eleven months of the course
2. She has attended 75% of the formal instructions given on each subject and 90-100% of the clinical/field experience prescribed must be completed before the final council/board examination and before the issue of diploma. (The diploma shall not be awarded to the student till she has completed the clinical/field requirement.)
3. The overall performance of the students and her conduct during the entire academic year shall be satisfactory
4. The student has passed in the internal assessments in each subject and practical(s).
5. The record of practical experience is complete.
(The principal shall send to the council/board the internal assessment for each subject, i.e. both theory and practical(s) before the start of the examination along with examination form)

STUDENT NURSES ASSOCIATION

Students have an organization of their own which is affiliated to Student Nurses Association of India and further affiliated to Trained Nurses Association of India. The students are encouraged to arrange their own activities, thus accepting leadership roles. Students has to submit yearly SNA fees in SNA account.

BOARDING AND LODGING

Students will be provided with accommodation in separate section of the nurse's hostel. Student nurses are required to stay in nurse's hostel during the training.

ILLNESS WHILE UNDER TRAINING

1. In case of serious illness, the hospital reserves the right to send the sick student home. In such cases guardians or parents are required to escort the student nurse.
2. The institute is not responsible for any disease, accident or mishaps during the course of training.
3. Each student is expected to get herself vaccinated against Jaundice (Hepatitis B), Chicken Pox (Varilrix), Measles (MMR) and Typhoid (Typhivi) and will produce a vaccination certificate before joining the course.
4. All medical expenses will be borne by the student.

ABOUT ENTRANCE TEST (ET)

1. Candidates who have appeared in senior secondary examination (Class XII) or equivalent preferably with Physics, Chemistry, Biology and English are also eligible to apply for admission through Entrance Test (ET).
2. ET will be based on the syllabi of senior secondary examination (Class XII).
3. ET will be of 100 marks. The test will comprise multiple-choice questions (MCQ): 40 for Science, 20 each for English, general Knowledge and Maths. English comprehension test will comprise unseen paragraph and related questions. Each MCQ will have 4 choices.
There will be only one correct answer. One mark will be awarded for each correct answer.
4. Candidates obtaining equal marks/ranks in ET will be judged on the following criterion by the institute:
 - i) Order in age
 - ii) Higher percentage of marks in total aggregate in senior secondary examination (Class XII)
5. Key Points:
 - i) You should attempt all the questions
 - ii) If you do not know the answer, do not attempt
 - iii) Do not spend too much time on one question
 - iv) After completing all the questions you can come back to the left out questions

Any leave due to sickness or returning late from holiday or any special leave taken, will be required to be made up during the annual vacations or after the final examination. It should be with prior sanction and on urgent need basis. If the students fails to meet the above requirements, she will have to make-up two additional days for every one day she remains absent.

RULES FOR DISCONTINUATION

The institute spends a huge amount on imparting training to the student nurses during their GNM course of three years. If the student leaves the course before the completion of GNM course the institute suffers losses on these accounts:

1. The institute cannot fill the vacant seat during the completion of GNM course
2. Thus to curb and discourage this practice it is proposed to levy the penalty right from the beginning of the course. Binding students/their parents/guardians are required to pay the amount as per the rules

If the trainee nurse discontinues the training or is found guilty of indulging in any political/union activities prejudicial to the interest of the institution and/or committed any misconduct or her own reasons for which she will have to reimburse/liable to pay ₹ 50,000 for first year, ₹ 80,000 for second year, ₹ 1,00,000 for third year.

EVALUATION

Internal Assessment

1. There shall be 25% internal assessment for all theory papers and 50% internal assessment for all practical.
2. A regular and periodic assessment for each subject and clinical/field experience is to be carried out.
3. For the purpose of internal assessments there shall be written test in each subject taken by the respective teacher each month.
4. The student shall be required to maintain the practical record book and report of observation visits and diary for assessment must also be used. Marks shall be allotted for each of the following:
 - Case study
 - Case presentation
 - Nursing care plan
 - Maintenance of record books (procedure book and midwifery record book)
 - Daily diary
 - Area wise clinical assessments is to carried out. Minimum two assessments are required in each clinical areas

Each student is required to maintain the record of following assignment in clinical areas in each year.

EXAMINATION GUIDELINES

1. Shall have one regular examination followed by supplementary examination in a year.
2. If the candidate fails in more than two subject in any nursing programme they can be promoted to next year
3. A candidate can take any number of attempts with a condition that maximum period allowed is 6 years. However, all papers needs to be cleared before appearing in the final examination.
4. No institution shall submit student average internals marks more than 75% i.e., if 40 students are admitted in a course than the average score of the 40 students shall not exceed 75%

Example of 5 students: A=25, B=20, C=22, D=21, E=24

Average score-89.6%

This will not be accepted by the State Nursing Registration Council

• OUR Vision

"To be an integrated global healthcare service provider, recognised for integrity, quality of care, service and innovation."

• OUR Mission

"To consistently deliver excellent and compassionate medical care to our customers throughout their lives."

• OUR Guiding Values

• Uncompromisable ethics

We will aspire to maintain the highest ethical standards at all times.

• A passion for excellence

We do not settle for mediocrity and take pride in whatever we do. Our passion for excellence will show in our technology, process and care.

• Unmatched quality

We will relentlessly focus on constant improvement and development of systems which integrate our learning. We will never forget that people trust us with their lives.

• Dedicated to innovation

We strive to seek innovative or creative solutions and aggressively leverage technology. In many cases, technology will improve the quality of peoples' lives

• Leverage teamwork and partnerships

We work in collaboration, across boundaries; to deliver 'more' than we can do in isolation.

• Strive for leadership and growth

We will systematically focus on attaining leadership positions in order to leverage scale, deliver superior clinical outcomes and attract talent.

• Reward merit

We will foster an environment which rewards excellence in ideas, clinical care and service delivery. This will help create an institutional DNA which incorporates excellence.

• Customers and partners first

We will treat our customers and partners as we would wish to be treated. We will always try to exceed their expectations.

• Be responsible stewards

We will be conservative stewards of institutional resources and aggressively seek to create financial strength in order to guard our stakeholders. We will manage institutional resources as we would like others to manage our personal resources.

• Treat people well

We will help our employees grow and create a supportive environment for them.

GENERAL NURSING AND MIDWIFERY COURSE
INTRODUCTION

Nursing is a rewarding career that offers a bright and satisfying future for young girls with a sense of service. As member of the modern health care team, nurses render a significant service in the care of the sick and in the prevention of illness and injury.

Today nursing has become a highly respected and skilled profession, demanding a high degree of technical knowledge, dexterity and ability to act with speed in crisis and remain calm and confident at all times. The profession has progressed over the years from just patient care to the management of critical life support systems and their development. It is a discipline, which gives you an opportunity to serve people when they need you the most.

Nursing is no longer the handmaid of the medical science. It is complementary to and co-exists with all kinds of medical care.

We invite you to take up the challenging career if you have the requisite qualifications. It would be our endeavor to induct you into the program of care.

ELIGIBILITY FOR ADMISSION

- Age: 17-35 years as on 31st December of this year
- Candidate must have passed in all the subjects of class XII examination (five subjects as per CBSE policy) or equivalent and attained a minimum of 40% marks in aggregate in 3 subjects -Physics, Chemistry, Biology, Mathematics, Commerce, Accountancy, Economics, Business Studies, Computer Science/Informatics Practice/Word Processing/Multimedia, History, Geography, Civics, Sociology, Psychology, Political Science and Home Science.
- English is compulsory in class XII Examination but shall not be included while calculating the percentage.
- Those who have successfully completed ANM course (XII Vocational, revised after 2001) from a school recognized by Indian Nursing Council are eligible to apply
- Preference will be given to science students and candidates with basic knowledge of computers
- Number of seats available: 30 (subject to change).

CRITERIA FOR SELECTION
Submission of Application Form

- Application form should be filled in by the candidate in her own handwriting and the same must reach the office of the Principal, JRT School of Nursing before the last date of receiving of completed forms.
